MINUTES

Blatt, Brown, Doerner, Endres (Muller), Matchett, Schaberl, Senbet, Sileo, Wiegand
Applegate, Applegate, April 27, 2022 meeting minutes
Approved without objection.

- - Doerner and Endres are nominees for Chair.
 - Doerner was approved by poll vote as Chair.
 - Muller nominated Endres for Vice-Chair.
 - Endres was approved by acclamation as Vice-Chair.

- - Senbet outlined four main items of consideration relating to the tenure-track proposal:
 - Establish under what conditions/situations tenure-track faculty may face non-renewal.
 - Performance-related factors and/or what other reasons may result in non-renewal.
 - Explore the option of multi-year contracts.
 - Examine the rationale of tenure.
 - Academic freedom is one reason for tenure; job security is

DISCUSSION:

- Faculty and administration have expressed differing views about the relationship/interaction between the tenure-track contract policy and the comprehensive review policy as they are currently written.
 - We want to amend the policies in a way that provides clarity and is agreeable to all parties.
- Members discussed circumstances that could result in non-renewal of a tenure-track faculty member.
 - Clearly, tenure-track faculty may non-renewed for performance reasons.
 - The administration's position is that tenure-track faculty can be non-renewed for any reason, as long as it is not discriminatory.
 - Members deliberated about what limits/criteria could be put in place to establish an objective basis for non-renewal decisions.
 - Non-performance-related factors that may result in non-renewal: Enrollment decline, program closure/restructuring, and financial exigency.
- Members discussed the feasibility of whether years of service could factor into decisions to renew/not renew.
 - Example: Make non-renewal in early years of tenure-track status for non-performance reasons allowable, but after pre-tenure review the decision to non-renew must be based solely on performance.
 - This would create an environment where, after year three, a tenure-track faculty member with good performance would be guaranteed a chance to apply for tenure.
 - However, if program enrollment trends continue downward after x -number of years, we don't want to corner the university into keeping faculty who don't have a viable program.
