ANTHROPOLOGY 130: INTRODUCTION TO BIOLOGICAL ANTHROPOLOGY
SPRING 2017 –

DEPARTMENTAL LEARNING OUTCOMES:
This course addresses several of

Labs and Assignments: Several assignments and labs will be given throughout the course. Much of the work for these assignments will be done during class. However, written analyses of the results will be completed on your own time. Tentative due dates for all assignments are given on the schedule below.

Attendance and Participation: It is important to attend class regularly in order to do well in this course. Lectures will undoubtedly cover material that is not found in the texts. If you miss a lecture for whatever reason, lecture notes will not be provided. All absences must be officially documented with a doctor's excuse, accident report, etc. In the event that you cannot provide such documentation, the absence will be considered unexcused and will affect your participation score. In-class assignments cannot be "made-up" if the absence is unexcused. If you need to leave a lecture early, it is essential that you discuss this with the instructor **BEFORE** class begins. Attendance may be taken at the **beginning or end** of each lecture.

One of the best ways to retain information is by articulating your thoughts on new or complex material; therefore participation is required to attain the full credit for this portion of your grade. Please remain on topic when asking/answering questions. This is a class of mutual respect, and if this respect is violated, the instructor reserves the right to deduct participation points (see clause below for expectations of respect).

GRADING PROCEDURES:
Late assignments will be **docked by 10% for every calendar day** that they are late, ie. one day, 10%, two days 20%. No extra credit will be offered.

Grade Breakdown for Course Requirements

Assessment	% Final grade
Exams (20% each)	60
In-Class Quizzes/Practice Exams (5% each)	15
Labs and Assignments	20
Attendance and Participation	5
